- Final thoughts

Congratulations on completing this course! We hope that your new coding interview skills help you ace your next coding interview. If you'd like to prepare further, we have several other interview preparation courses available on our platform. You may choose to sharpen your algorithm analysis and design skills, or to improve your object-oriented design skills to position yourself for a role with greater technical responsibilities.

Whatever you choose to do, remember that hands-on preparation is the best way to calm those pre-interview anxieties and Educative is here to help every step of the way! Good luck with your interview and happy learning!
